

SAYNA SAFIR

Well-established manufacturer & supplier
of agriculture products

Who we are

"Sayna Safir Co." is a well-established manufacturer and supplier of numerous agricultural products in Iran in the both Organic Certified (Bio.inspecta Switzerland & Ecocert France) & Conventional forms. The broad variety enables customers to buy their whole requirements under one roof. The business under the name of Sayna Safir was started in 2006 and we are continuously developing and improving processes geared towards the delivery of consistent, high quality products to our Valuable Esteemed Customers. Sayna safir owns farms and agricultural processing factories around Iran under the two following subsidiary companies:

Tima Saffron Qaenat (Telika):

- Around 40 hectares of Organic Certified Saffron farms, Rose gardens and some medical herbs.
- A well equipped Laboratory with 17025 standard.
- Three sorting & packaging facilities.
- Contracting and regular inspection of more than 100 hectares of different products.

Tiara Rose Darab (Rosela):

- A well equipped factory for distillation of Rose and other herbs in the Heart of 5000 hectares of non-irrigated rose gardens.
 - Manufacturing 100% natural Rose & other herbs Essential Oil.
- The above facilities allow the company to directly monitor the process of planting, harvesting, sorting, packaging and shipping.
